Masumi Karaki
President
Nagano Mountaineering Association

On behalf of Nepal Mountaineering Association (NMA), I would like to express our sincere thank to you and Nagano Mountaineering Association for (NMA-Japan) for the generous support. Your initiative to link NMA's Noble program i.e Mountaineering Disaster Relief and Educational Support Fund (MDRES-Fund) with NMA-Nepal is really appreciative. As you know NMA's one of the objectives is support to the families of deceased mountaineers and our alone effort is not enough to meet this objective. That's why we have coordinated with well wishers around the world and as a result, interest expressed to us to be the part of this noble program is appreciative.
